A staff member told him that the computers would be shut off at 15 minutes prior to closing. It appears that he disagreed with staff. Staff contacted J. France for guidance and were instructed to shut down his computer and ask him to leave. D. Ashen was requested to put his statement in writing for the board to consider. Also, the board requested that J. France ask the staff member involved for a written description of the event so that the board can evaluate the situation with the assistance of the director.
